ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

CONTRACT LET FOR NEW GYM.

The contract for the new Union College Gymnasium was let on Saturday, August 9th. The contractor is Mr. Perkins of Woodbine, Ky. and the contract price is \$4,829.00 which does not include plumbing and electric wiring. The building when completed and equipped will cost at least \$45,000.00. Mr. Perkins built the High School at Corbin and Barbourville.

PRESIDENTIAL TIMBER

It is a sad fact for the democratic party that it is sadly lacking in good presidential timber. President Wilson went to the country with the prayer that it would return a democratic congress. A Republican "full house" was the result. Secretary McAdoo put a kink in his future possibilities when he handed over to Congress a railroad system heavily burdened with bankruptcy possibilities.

On the other hand, the Republican Party has a score of strong men who may be relied on for patriotic interpretation of the wishes of the people. The future prospects for a Democratic victory are exceedingly gloomy, while a united Republicanism, which has behind it a history of splendid achievement and which gives promise of greater achievement through the strong men in its party, is sure to carry the presidency hands down.

A PRETTY FIGHT

The primaries are over and in the gubernatorial race the fight now resolves itself in a battle royal between Hon. Edwin P. Morrow, who is bearing the Republican standard, and Governor James D. Black, present incumbent of the gubernatorial chair.

There has already begun a campaign on the part of the democrats which appeals for the election of Governor Black from the standpoint of local pride. "Elect the local man" is the slogan.

But if there is anything in party principles, if the name "Republican" stands for something better than a party label; if the men who vote the republican ticket do so because they feel that republicanism stands for progress and prosperity; then they will remain true to the party to which they belong and will not be stampeded into voting for a party whose principles they do not admire merely because the head of that party is a local man.

It is not a matter of the individual but of the Republican Party.

SUES FOR \$20,000

The Baldwin Book Company filed suit in Circuit Court yesterday against the W. H. Anderson Company, with headquarters in Cincinnati, for \$20,000, alleging it has been damaged by statements made by defendant in a circular sent thru the mails last October. Plaintiff alleges many circulars reached lawyers in this city who are its patrons.

W. E. Baldwin, president of the company, states he was formerly employed as a salesman by defendant, but when he left it and established a business here enmity sprang up. The circular in question was in regard to certain comments that W. E. Baldwin was alleged to have made concerning "Rose's Criminal Law, Procedure and Forms," written by Judge R. S. Rose, of Williamsburg, Ky., and printed by defendant. About that time the plaintiff company published a book entitled "Gregory's Criminal Law," which resulted in competition.

Plaintiff says that its statement about "Rose's Criminal Law, Procedure and Form" was true, but the defendant in its circular charged that it was an "unfair and malicious effort" on the part of the plaintiff to destroy the value of Judge Rose's book. —Louisville Herald.

T. W. MINTON GOES WEST

T. W. Minton, who has been attending a family reunion at Okemah Okla., left on the fourth for Great Falls, Montana, where he will taste the pleasures of ranch life as the guest of his sister. He says Okemah Okla. is in a wonderful farming section. Crops this year show cotton fine, corn two-thirds of a crop, cut short by dry weather, oats from 40 to 60 bushels to the acre. Prairie hay is selling at \$16.00 per ton.

JOHN W. MAYHEW RETURNS

John W. Mayhew returned Thursday from the Rhine where he was with the Army of Occupation for five months following six months service with the Medical Corps at St. Flon- ent, France.

Mr. Mayhew was engaged in first aid work for wounded soldiers who were brought from the front and from his depot they were shipped to the base hospitals. There were some five hundred men engaged in this work including the field hospitals and ambulances and during the heaviest fighting they were kept very busy. He liked the work fine, also the people of France, but is glad to be back home again.

WILL DISCUSS H. C. L.

J. Frank Hawn went to Louisville Wednesday to attend the H. C. L. meeting called by Governor Black at Seelbach Auditorium, Thursday, August 14. If you hear a sudden noise it will be a drop in prices, to be honest, Mr. Hawn says the meeting will be clothed with no other powers than discussion and the ability to recommend to the Legislature some method of getting something to eat without stripping the pocket book at the same time as at present.

MINE FOREMAN AND FIREBOSS EXAMINATION

The Board of Examiners will meet at the office of the Chief Inspector of Mines, Lexington, Kentucky, on the fourth Monday of August (25th) to hold examinations of applicants for Mine Foreman and Fireboss Certificates.

Before anyone may enter the Examinations, he must pay a fee of \$2.50 to the Auditor of Public Accounts, Frankfort, Ky., and present the receipt therefor to the Board of Examiners. C. J. Norwood, Chief Inspector of Mines.

S. B. REESE FAVERS TRUCKING

S. B. Reese, of Indian Creek, who was here last week, spoke of great development of trucking in his section to supply the demands of the mines at Wilton. He says he has come to be a firm believer in the raising of truck and small fruits in Knox County, the soil having proved admirably adapted to that purpose. Mr. Reese says that with proper provision for taking care of the crops, and correct fertilization sweet potatoes will make fine returns as well as small fruits of which Knox County is the natural home.

BROTHERS MEET

Daniel Burton, of Providence, R. I., fought with the boys in blue when the Union was imperiled. His brother, P. W. Burton, of Fount, father of Dr. F. R. Burton, was then a youngster who came with his father to test fortune in Kentucky. They settled at Fount. The soldier brother lost sight of the family and worked out his own destiny, finally settling in Providence, R. I. Thru the inquiries of a relative in Louisville, the brothers got in touch with each other and they are now enjoying their first meeting since the drum sounded the call to arms at the outbreak of the Civil war.

CRAIG-HUDDLESON

Knoxville friends of Mrs. Lafayette Huddleston and Miss Beulah Huddleston, who formerly made their home here, will be much interested in the following announcement:

Mrs. Lafayette Huddleston, of New Orleans, announces the engagement of her daughter, Beulah, to Mr. Austin Howard Craig, of Warren, Ohio.

The wedding, which is to take place in the early fall, will probably be solemnized in Knoxville. —Knoxville Sentinel.

THEY ELIMINATE SPACE

When a Detroit newspaper recently printed a news item to the effect that "A horse drawn vehicle was seen this afternoon on Woodward Ave." —Detroiters thought it rather clever and secretly prided themselves on the ultra-metropolitan atmosphere which it indicated had come over their city. But as far as an obituary to the faithful quadruped goes, the reporter's observation might have been equally true for less metropolitan places than Detroit.

The Bisbee-Douglas Stage Line, for instance, out in desert clad Arizona has abandoned the time honored four hand of horses in favor of high-powered auto busses which are just as much up to the minute as the finest cars to be seen on Detroit's famed boulevards.

Daily with clock like precision, those big cars pound along the hundred miles of sun-bitten alkali roadway between Bisbee and Douglas, carrying passengers and mail. In much less time and far greater comfort, the ranchers and business men of today speed over the same roads where once rattled the four in hand stage coach, slow, jolty and not at all certain of reaching its destination.

Moreover, the cost of transportation by auto compares favorably with operating expenses of the horse stage, and there's no guess work about those figures either. The proprietors of the Bisbee-Douglas Auto Stage are thorough business men, and can tell to the penny the gasoline mileage of every car, the oil consumption, and just how much service is obtained from tires. It's just cold blooded figuring with them and they play no favorites.

On tires, for example, they have kept accurate records, tried all kinds and finally settled on the Fisk Cord Tire as most serviceable under rigors of cross country travel. In the face of extraordinarily severe road conditions they have obtained miles far in excess of expectations, and their enthusiasm for Fisk Cords is backed by figures and photographs which they proudly show on occasion.

So as matters go, Detroit with its paved boulevards is not so very different from Arizona, in so far as being up to date is concerned, for the great Southwest knows just as much about high-powered cars and appreciates cord tires for the same reasons, and the horse drawn vehicle is equally out of vogue.

KENTUCKY ILLITERACY

The need of some method of enforcing school attendance after the Kentucky Illiteracy Commission goes out in July 1920 has been voiced by County Superintendents throughout the State in letters to Mrs. Cora Wilson Stewart, Chairman of the Kentucky Illiteracy Commission.

County Illiteracy Agents, who are sent out to direct moonlight school work, have been acting as attendance officers in the counties to which they are assigned but they have not police powers and their work consists in the main of urging parents to send their children to school. However, even with these more or less limited powers they have been able greatly to increase day school attendance and their work has shown what can be accomplished by compulsory attendance officers, according to Mrs. Stewart.

City schools long have had attendance officers to keep the children in school and rural schools also must have similar officers if the compulsory school law is to be made effective, said Mrs. Stewart. New Jersey and Maryland and most all progressive states already have attendance officers and these states are shown far in the lead in daily attendance.

"No compulsory attendance law has ever been enforced without an attendance officer and it is high time that Kentucky should take her place along with other states where compulsory attendance is being enforced," said Mrs. Stewart.

GOING INTO THE BIG GAME

J. W. Faulkner, C. W. Faulkner, and Ion Carroll have returned from the western Kentucky oilfields having travelled over 800 miles by auto without a hitch. J. W. Faulkner, formerly of Faulkner and Bain, and C. W. Faulkner, who was raised here, but who has been in the oil game for twenty years, have bought a Star drilling machine which will be shipped to Bowling Green where they have contracts for a year in advance. It is creditably stated that they intend to become second Rockefellers. We hope so.

TEACHERS MEET

Ogle and the teachers in that educational division with a large crowd of children and citizens in attendance. OIL NEWS

H. W. Fuerling, of Indianapolis, manager of the Bingham Oil Company, is in town. The company is now operating on the J. H. Jones well on Trace Branch.

Drilling has been suspended for the present on the acreage in East Corbin, due to a square hole and other discouragements, but it is understood work is to be resumed shortly and an oil was brought in while drilling for gas some eighteen years ago, it is believed success will crown the drilling operations.

GROWTH IN NATIONAL BANKS

During the month of July 1919, twenty Charters for new National Banks were granted, and 54 applications for increases of capital of existing National Banks were approved.

The aggregate capital of the new National Banks chartered during the month was \$780,000, and the increases approved for the 54 banks referred to aggregated \$12,660,000, making the total increase, resulting from additional capital approved for existing banks and from new banks chartered during the month of July, \$13,440,000.

The total number of National Banks going into voluntary liquidation was 10, with total capital of \$1,885,000. During the same month 2 National Banks reduced their capital in the sum of \$225,000, including a reduction of \$200,000 made in connection with the consolidation of two National Banks. Total reductions arising from liquidations of National Banks and from reductions of capital stock (other than that resulting from consolidations with other National Banks), \$1,910,000.

FLAT LICK NEWS

The pike in and around this city is awfully muddy at present.

J. H. Slusher, who has just returned from Cincinnati, says goods are not only high but scarce.

Farmers are uneasy here. They think so much rain has ruined their short corn.

C. C. Bingham made a flying trip to Pineville last week.

If you want to buy good merchandise for less, call in at J. H. Slusher's, known as the square deal store.

Mat and W. M. Bargo returned last week from Atlantic City.

Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational
remedy for catarrh and all
inflammation and congestion
of the mucous membranes.

Catarrh attacks the mucous linings, in any organ,
in any part of the body. It is not, as some imagine,
confined to the nose and throat, although nasal
catarrh is the most common form and afflicts many
people.

Unchecked catarrh soon breaks down the tissue and
destroys the organs or part. Evidence of the rav-
ages of catarrh are all around us. Without desire
to frighten anyone, we say: "Guard yourself against
catarrh as you would against the direst plague.
Fortify your system. Take Peruna."

**INSPIRING WORDS FOR THE SICK FROM THOSE
WHO KNOW.**

* A Good Medicine in the Family.
I had a bad case of LaGrippe and could get no
relief. Peruna cured me. It is a fine medicine. We
often use it in the family and it goes down
like a charm. — Mrs. GENTRY GATES.

FEELS LIKE A DIFFERENT PERSON.

Peruna has cured my stomach and I feel like a
different person. I only took twelve bottles of Pe-
runa and can eat anything without distress, some-
times having done so for fifteen years.

I recommend Peruna to everybody suffering with
catarrh of the stomach.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

Mr. Vaughn Farmer, Tells How He Lost All His Prize seed Corn.

"Sometime ago I sent away for some pedigreed seed corn, put it in a gunny sack and hung it on a rope suspended from the roof. Rats got it all — how beats me, but they did because I got 5 dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25, 50, \$1.00. Sold and guaranteed by Wilson Bros. & Cestlow Drug Co.

\$500 IN CASH PRIZES FOR OVERSEAS EXPERIENCES

Nearly every lad who went overseas has an interesting story to tell — pathetic, amusing or tender — of some child in France. Perhaps it is a little Pierre who crept in to eat with him at mess; or a Marcelline whom he found, white-faced and terror stricken, in the cellar of a ruined house; or Henri whose father was killed in the trenches and whose mother was taken to Germany by the enemy; or it may have been Aimee who insisted upon being adopted by the "Americaine." At any rate, there is always a story and a child.

For such stories as these, or simple ones telling of the friendship between the French child and the American soldier, 178 cash prizes are offered. Soldiers, sailors, marines, men and women who were in France during the war in any capacity, or their families, sweethearts and friends, are invited to compete for these prizes. Literary ability is not required. Anybody who can write a letter home can write well enough for the purpose of this contest. Conditions of the contest can be secured by writing "The Fatherless Children of France, Room 634, 410 S. Michigan Ave., Chicago." There is no expense attached to entering the contest, which is open to anybody who wants to compete. Mothers, sisters, sweethearts and wives should turn over their letters from Bill or Tom or Jack which they have so proudly treasuring, and hunt up the references to the little French children. Just some one little incident told simply in a letter may win a prize!

Our philosopher says: Things are changin' mighty fast an' for the better too. Twenty years ago nobody was afraid of the fly an' they didn't even swat him.

Why People Buy Rat-Snap in Preference to Rat Poison.

1 RAT-SNAP absolutely kills rats and mice. 2. What it doesn't kill it scares away. 3. Rats killed with RAT-SNAP leave no smell, they dry up inside. 4. Made in cakes, no mixing with other food. 5. Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. & Cestlow Drug Co.
